PROFESSIONAL SUMMARY

MCA graduate (2025) with strong fundamentals in Python, C++, SQL, Data Structures, Algorithms, Object-Oriented Programming, and Linux environments. Hands-on experience developing applications using Python (Django), React.js, PostgreSQL, Git, and REST APIs. Familiar with Linux utilities, shell scripting concepts, Docker, Kubernetes, and software development best practices. Solved 274+ coding problems on LeetCode demonstrating strong analytical and problem-solving skills.

TECHNICAL SKILLS

Programming Languages: C, C++, Python, Java

Frontend: React.js, HTML, CSS, JavaScript

Backend: Django, REST API Development

Databases: PostgreSQL, MySQL, Oracle (Basic)

Operating Systems: Windows, Linux (Basic)

Core Subjects: Data Structures & Algorithms, DBMS, Operating Systems, OOP

Tools & Technologies: Git, GitHub, VS Code, Jupyter Notebook, Docker(basic), Kubernetes(basics).

PROBLEM SOLVING

Solved **269+ DSA and Mysql problems on LeetCode.**

Strong in **Arrays, Strings, Recursion, Trees, and Dynamic Programming.**

Regular practice of algorithmic problem-solving and optimization techniques.

PROJECT EXPERIENCE

Campus Management System (Full Stack Project):

- Developed a full-stack web application to manage student records, courses, and administrative operations.
- Built responsive frontend using **React.js** and backend APIs using **Django REST Framework**.
- Designed and managed relational database using **PostgreSQL**.
- Implemented CRUD operations, authentication, and role-based access control.
- Ensured modular, scalable, and maintainable architecture.

Smart Grid Stability Prediction – Using Artificial Neural Networks:

- Built a supervised machine learning model to predict power grid stability.
- Performed data preprocessing, feature engineering, and model optimization.
- Achieved **90% accuracy** using advanced ML techniques.
- Used libraries such as **Pandas, Scikit-Learn, and TensorFlow**.
- Evaluated model performance using standard metrics.

EDUCATION

MCA, NIST University, Berhampur, Odisha – 2025

CGPA: 8.6/10

B.Sc. Electronics, Science College (Autonomous), Hinjilicut, Odisha – 2021

CGPA: 7.4/10

CERTIFICATIONS

NASSCOM AI-YUVA – [Artificial Intelligence Program \(2025\)](#)

Machine Learning & Deep Learning – [Academic Certification \(2024\)](#)
